ABOUT US

Founded in Dubai in 2006 and proudly established in Lahore in 2007, Inner Art Interiors (Pvt.) Ltd. has grown into a cross-border design house with footprints in Pakistan, Oman, UAE, and the UK.

We uphold quality, originality, and client satisfaction as our guiding principles. With a team of visionary architects, interior designers, project managers, and technical experts, we create spaces that inspire, elevate, and endure.

Our Vision, Mission & Goal

Vision: To become a globally recognized brand in architecture and interior design.

Mission: To achieve client satisfaction through innovative designs, premium products, and committed services enriched by international exposure.

Goals:

Deliver customized solutions within client budgets.

Ensure timely project completion with uncompromising quality.

Provide comprehensive professional services for turnkey projects.

Guide clients in art and design across every dimension of their space.

Our Design Philosophy

“ Exquisite design, guided by refined taste, transcends the boundaries of any single style.

Each project becomes a unique journey, carefully tailored to the individual needs and aspirations of our clients.

We may not know what will save the world, but we are certain that whatever does must be beautifully and thoughtfully designed.

Whether it is interiors, infrastructure, architectural design, or project management and execution across commercial, residential, and retail domains – our work is more than construction; it is creation that inspires, captivates, and moves people to action.

RESIDENTIAL

interior design is the art of creating aesthetic and functional living spaces. Designers work with architects to ensure that physical features allow for the appropriate division of private versus public space and can also aesthetically divide or unify rooms through colors, textures, and patterns.
